

I made this "Hanging Pillow Box" for [3D Tuesday](#) at [Paper Craft Planet](#). The [pdf template](#) is attached.

The first project is perfect for the guest bathroom. I filled it with a mini shampoo and conditioner set so when guests stay over, they will have these handy. It's a great way to "contain" those little necessities.

### SUPPLIES:

Ribbon: SU!  
Border punch: Martha Stewart  
Nestabilities: Spellbinders

The second project was made with my daughter in mind (or any student). I filled the pillow box with highlighters, scissors and mechanical pencils. At first I filled it with chocolates, but I ended up wanting to just eat them... which sadly, I did! So in went the school supplies.
